

# MagicStream®

## Laminars

By Pentair Water Pool and Spa®

## Crystal clear by day, dramatic color at night

MagicStream® laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with either an LED or fiber optic light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

- Water arcs reach up to seven feet high and project out eight feet into your pool, spa, or other water feature.
- Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.
- Nighttime color effects include the ability to hold on a steady color or scroll through a range of available colors. Choose energy-efficient LED lighting for a nearly endless array of color choices.

# MagicStream<sup>®</sup> Laminars

## Enhancing the entire sensory experience

MagicStream<sup>®</sup> laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

### Features include:

- Laminar box lids available in tan, black, and gray to match or complement pool deck or other installation surface.
- Laminars are easily adjusted two ways; vertically from 62° to 75° to create different heights and arc shapes, and direction pointed can be moved right or left up to 60° total. Get creative by varying individual stream's height, arc shapes, direction, and color.
- Laminars are designed for easy removal and replacement.

### Laminars Performance Data

Gallons (US GPM)	6.0	7.5	8.5
Inlet Pressure (psi)	2.5	3.5	4.5
Height of Jet (Ft.)	5.0	6.0	7.0
