

QuickTouch®

Wireless Remote Control for Pentair Control Systems

By Pentair Water Pool and Spa®

Push-button control from your home, patio, poolside, or spa

If you own a control system from Pentair Water Pool and Spa®, you are already enjoying the ease of push-button pool and spa automation. But with the QuickTouch® Wireless Remote, you can add even greater convenience and portability to your automated control system. At the touch of a button on your handheld remote, you can ready your pool or spa for relaxation from the comfort of your poolside lounge—or almost anywhere up to 150 feet from your pool equipment area.

- Instantly activates water features and functions.
- Controls up to four functions, including spa filtration/heating, spa lights, spa jets, pool lights, water feature, and landscape lights.
- Separate on/off buttons control each function for optimum simplicity.
- Automatic shut-off capability for extra peace of mind.

QuickTouch® Wireless Remote

QuickTouch®

Wireless Remote Control for Pentair Control Systems

The simplest, most convenient automation control

Scheduling and controlling the operation of pool and spa equipment and backyard accessories can be truly automatic.

When paired with innovative Pentair control systems, the QuickTouch® Wireless Remote takes your automatic control system to the next level of convenience.

- EasyTouch, IntelliTouch® and SunTouch™ systems are available for both pool and pool/spa combinations with shared filtration systems.
- Enjoy your pool or spa without repeated trips to your equipment pad.
- No more memorizing operating sequences, opening and closing valves, resetting time clocks or monitoring thermostats.

The QuickTouch Wireless Remote is used with any EasyTouch, IntelliTouch, or SunTouch control system.
